

Palm Beach County, Florida

Fax Authorization

to

Remove/Tow Vehicle/Vessel

with out the approval or knowledge of the owner

Palm Beach County Towing Ordinance 2005-009 requires the real property owner or a duly authorized agent of the property owner to provide "express authorization" to the contracted towing company before a vehicle/vessel can be removed from private property without the approval or knowledge of the vehicle/vessel owner. Normally, the approval to remove a vehicle/vessel must be done in the presence of the towtruck company/driver. The only exception to this approval requirement is when the property owner or authorized agent sends a fax to the towtruck company using this form. The date and time must electronically stamped on the fax sent to the towing company. The towing company is required to retain the original fax received from the property owner/designee.
